

Doran

Orthodontic Lab

Dear Doctor and Staff,

Thank you for your time and interest in Doran Orthodontic Lab. We are a full service orthodontic laboratory with more than thirty years experience in the manufacturing of orthodontic, functional, and fixed appliances. Since the beginning, our company's main goal has been to deliver great quality appliances at reasonable prices.

At Doran Lab we have a 5 day turn around with rush service available. We feel that you will be 100% satisfied with our appliances.

We invite you to try our laboratory and would like to extend an offer of 15% off of your first month of cases. Why not see for yourself what our dedication to quality and personal service can do for you and your patients.

We offer carbon copy lab slips for your convenience and mailing labels with paid postage.

We look forward to serving your orthodontic laboratory needs.

Sincerely,

Jeff Doran
